Dekorativne folije za staklene frontove

NOVO!

Buckram Pearl + Gray - art. 10188

Seattle - art. 10187

Folije za staklene frontove se koriste u dekorativne svrhe prilikom izrade aluminijumskih ramova sa staklenim ispunama. Širina rolne je 127cm, a dužina rolne je 30m.

Dekorativna folija se prodaje na dužni metar.
